## Are you still planning on camping in 2020?

### Holiday plans changed

Most Dutch campers with holiday plans for 2020 are still planning to go on a holiday this year. In May, 9% indicated they wouldn't go camping in 2020, this percentage has now dropped with 3% to 6%. The group of campers who adjusted their holiday plans has grown. This is noticeable at both the holiday period and the destination.

What were originally the most popular camping months and what are the favourite ones now? First there was a shift to August, September and October. But now the month of July is also a popular month to go camping.

## Camping intention - countries 2020

### Destination - own country now more popular

It is now even more clear: a holiday in their own country has become more popular with Dutch people. Campers with plans to go to France, Italy, Austria and Spain now choose the Netherlands as their destination.
